

BEDROOM of studio unit opens up to a refreshing garden view that perk's up your morning and starts your day right.

La Breza Tower: Where luxury living is an investment

Sta. Lucia Land Inc. brings into fruition its first condominium project in Metro Manila. The La Breza Tower (The Breeze) right along Mother Ignacia St. Quezon City is a luxurious development just off EDSA, the main circumferential artery connecting the north and south ends of Metro Manila.

La Breza (which is conveniently at walking distance from both Edsa and Quezon Avenue) is at the hub of powerful media conglomerates ABS-CBN and GMA-7, allowing it to bask in the glimmer of the worlds of television and cinema, with the enticing sparkle of celebrity.

Comprising 22 storeys of mixed-used development, La Breza combines convenience and comfort in its architecture, designed by W.V. Coscolluela and Associates. Interiors are well-appointed, designed along modern yet comfortable lines by Songsong & Periquet.

Developer Sta. Lucia Land, Inc. brings to La Breza the expertise of over 35 years of developing communities, resorts, malls and several high rise condominiums.

For inquiries on La Breza Tower, please contact Royale Homes Marketing Corporation, its exclusive marketing network at telephone numbers 726-4288/726-4317 or log on to www.royalehomes.ph
